Andy,

Here are some slides I presented to the NTA group back in May. I'm not sure if any will be of use to you but you can have a look.

Seth

Thanks Andy. I'm thinking that the maps that Drew is working on will also be important so I am copying him but let him (us) know if you disagree.

Tim

**Subject:** FW: R2 NJ Briefing

All,

Tim has asked us to prepare a briefing on the results so far for New Jersey DEP program. It may actually be two briefings, one for R2 senior folks and another for ORD - I'm not sure.

If you could please send me any slides or data summaries you may have from any of our previous NJ DEP presentations I'll put together a basic outline for this talk.

I think we're mainly looking for the water data for the legacy materials with some evaluation of the percent branching for PFNA.

I've attached a draft of a draft above. Please send me what you can.

Thank you very much,

Andy

**Subject:** R2 NJ Briefing

Andy,

We talked a while ago about the need to pull together a high-level briefing on what we are finding in NJ. As you know, Nidal has schedule a briefing for R2 senior management for 9/25. Jennifer OZ is also asking for a briefing to her and Program Offices (as yet unscheduled). It was my understanding that you were going to pull a draft together. Can you let me know where you are with this?

Thanks.

Tim
